PROFILE

Passionate Full Stack Web Developer with strong hands-on experience in building responsive, scalable, and dynamic web applications using HTML, CSS, JavaScript, Node.js, Express.js, MongoDB, React, Next.js, Tailwind CSS, and EJS. Currently pursuing B.Tech in Computer Science Engineering (2024–2028). Skilled in both front-end and back-end development, API integration, and database management. Dedicated to continuous learning — currently exploring Python and Data Structures to strengthen problem-solving and backend logic. Seeking opportunities to apply my skills in real-world projects and freelance collaborations.
